Hey Seymour!

Hope all is well -  
here's a little stash  
of stuff - most of  
the snapshots except  
the one of Josep's  
"puntos" are of the  
Ribera site in Barbastro  
(there was some  
email about this

Site, too)

The 2 slides (didn't  
have dupes of the  
close-ups are the Jean  
Mason Site just south  
of the French border in  
Spain.

A couple of miscellaneous  
newspaper accounts, plus  
the press on Josep that  
I got my hands on.

Talk to you soon  
Jo
