

In support of the Rock Garden of Chandigarh

Honorable Mr HD Deve Gowda, Prime Minister of India

Dear Prime Minister;

A citizen of your country Padam Shri Nekchand Saini is acknowledged as the greatest living public art artist in the world. Sainis' masterpiece, the Rock Garden of Chandigarh as a destination of lovers of art, the human spirit, tourists and artists is second only to the Taj Mahal.

We were shocked to hear that while Mr. Saini was in Great Britain and the United States receiving accolades from these countries his staff was fired and his masterwork was being vandalized.

The largest democracy in the world can surely can find some way to honor this wonderful man and protect his 36 year lifes' work which he dedicated to the best of the human spirit.

Your country also benefits by drawing tens of thousands of tourists each year to Chandigarh from within the country and abroad.

Please do what ever you can to protect this twentieth century masterwork .

PLEASE PRINT Name Address Country.
