Dear Ms. Wintman:

Thankyou for your letter, postcard and photographs.
Unfortunately, I do not have black and white photographs of Helen's work
or know the date Eileen Blumenthal reviewed Fugard's "Road to Mecca".
I believe Anthol Fugard has some black and white prints, though.

I will have copies made of my color slides and send them to you along
with a bill as soon as possible. I will also be glad to return any of the
color photographs should you need them. Just let me know.

I really admire the work SPACES is doing and I appreciate your interest in
Helen's work.

Sincerely,

Niki Collins-Nakles
