Dear Mr. Rosen,

Enclosed is the field survey form that you sent me. I hope we have filled it out properly. Should you have any additional questions please feel free to call me at (210) 774-7568 at any time. I sincerely hope you can get to do a story on this.

Any help you can give us in getting the word out about our museum will be greatly appreciated. We are a 30 year old historical museum, with preserving the past as our main goal. We are a teaching museum and are considered a "Live" museum because of the many varied activities that occur here.

Sincerely,

Lee Lincoln
