Dear Bud,

I am so thrilled to hear from you. We are among your biggest fans. And yes, we have a significant problem -- of differential settlement -- at The Orange Show.

Let's talk more. Would you be available to come to Houston this fall, and perhaps give a talk while you look at the Orange Show?

I had talked with another conservator, (honestly I never dreamed that the man who SAVED THE WATTS TOWERS would be available to help us!) but I am running into problems with his schedule and my grant deadline. I don't know how to thank you enough for your letter and really look forward to meeting you.

Thank you so much!
