Fred C. Fussell, Director
Pasaquan for Marion County, Georgia, Historical Society,
P.O. Box 5675
Columbus, GA 31906-0675

Dear Fred,

Thanks for your response to my inquiry about conservation of your site. For your future information and use, I have been very successful in getting funding from architectural and engineering (A&E) reports. Some recently have been for Watts Towers and Alexander Calder's mobile Hello Girls in Los Angeles, Bottle Village in Simi Valley, CA and (hopefully) Las Pozas in Xilitla, Mexico.

I have enclosed the A&E Report we did early this year for Las Pozas. That work was funded with \$27,000 for my team of four, including all expenses, by a Philadelphia family foundation.

Sincerely,

Bud Goldstone, conservation engineer
Prof. Asoc. AIC, Member WAAC
Fellow AIEE, Assoc. Fellow AIAA

PS Seymour Rosen said hello back at you today 9/28/99.
