July 10, 1995

Dear Seymour,

I may be heading for Tuscon one of these days, again. Why don't you send me a list of people I should look up?

Yesterday I had the Garden open and with the help of a newspaper article, even though it was 112 degrees, about 100 people came by. They seemed to enjoy themselves in spite of the torrid conditions.

Take care!

Marion
