Dear Mr. Rosen:

The Colorado Preservation Office received your announcement describing the SPACES program.

In briefly checking through our files, we discovered the Italian Caves in Julesburg Colorado and felt that they might meet your qualifications for folk art environment. A copy of the National Register of Historic Places Nomination Form is enclosed. The form was submitted to Washington, returned for revision, and never resubmitted; therefore, the caves are not listed on the National Register.

The Preservation Office is interested in learning more about your survey of California and would especially appreciate receiving copies of your survey forms.

If you have any further questions, please feel free to contact us.

Thank you for sending the requested information.

Sincerely,

Nancy V. Gauss
