Office of the Provincial

Dear Friends of the Holy Land,

I have a friend, and his name is John - John Greco. And this man had a dream. To build a Holy Land on top of a mountain in gratitude to His God and to share his faith with others. A group of men spent hours upon hours to make John's dream a reality.

The years have not dulled the spirit of the Holy Land, but it has become the victim of time, weather and vandals. Ecclesiastes tells us "There is an appointed time for everything and time to every purpose under the Heavens". We who believe in John and the Holy Land believe it is our time to sound a rallying call - a call that focuses on our mutual conviction that the Holy Land is a reality for 1985 as it will be in the year 2000.

Fellow Dreamers - today we are called upon to rebuild that mountain for all of God's people wherein we may grow in fellowship. After months of fierce labor and tireless research, the Board of the Holy Land and myself have presented to you the new plans for Holy Land.

In order to make these architectural dreams a reality, we enter into the solicitation phase of our Development Program. Actually, it is a good investment for the only portion of the material goods of this world that you really save is the portion you give to God. I rejoice at the re-construction of the Holy Land that is about to begin and admire your willingness to accept this challenge and at the same time, I issue a call to a true spirit of generosity and self-sacrifice on the part of all in this community and state. Indeed the success of the forthcoming campaign, based on this spirit, is essential to the launching and completion of this project.

We need your precious time, talents and resources, but especially your heartfelt prayers. While the task is a formidable one, I am confident that God's blessings will be upon us and make our efforts an overwhelming success.

For John Greco and myself,

Gratefully yours in Christ,

Sister Angela Bulla, M.P.F.
