Dear Hal,

Thank you for your letter. Yes we did know about Keas' Ark. No we did not see that particular article. We're adding it to our archives.

The person to write to about the ark is....

Sharpe James
Mayor
Newark, N.J. 07102

We believe a positive letter to the Mayor that stresses, national interest in the ark, and what saving it can do for Newark, will do the most good for the preservation process.

The man leading the fight to save the ark is.....

Camilo J. Vergara
535 West 110th St. Apt. 2-1
New York, N.Y. 10025

he would probably like to know of your interest.

According to a response I got from the Mayor - there was a stay on the destruction of the ark, and a municipal ombudsman has been appointed. I don't know what that means-but a constant supply of letters will certainly help the cause.

Thanks for your interest.

My best,

Seymour Rosen
