Dear Bud,

The cards sound great! In fact, if it is not too much trouble, I think I it would be great as far as consistency's sake to have all our cards look more or less the same... I think we should use the words "Las Pozas" under the hands, with our names seperated from and under Las Pozas

So Kaco and my card would look something like this

"hands drawing"

"Las Pozas" (perhaps centered under the hands, perhaps with or without the quotes - I have no idea what the proper protocol is for using quotes) then Kaco Gastelum (or Avery Danziger)

This is, of course, only a suggestion.....

Let me know what your thoughts are on this and what you think 200 copies of each name would cost, if you think that is a good number to order....

No access to LA Times but deepest congratulations!

Avery D

P.S. Could you check with Ms. Bartley at the Getty, I still have not heard anything from them with regards to our request for conference passes.....

Perhaps I will hear from her today... -----
