Ellsworth, Maine 04605

Dear Ms. O'Donnell,

Re: Las Pozas Architecture and Engineering Report

The principals of the A & E Report are N.J. Bud Goldstone, and Zuleyma C. Aguirre.

SPACES understands its responsibility for the grant from the Golden Rule Foundation / Maine Community Foundation, is to act as a facilitator, a fiscal agent who will pay the principals of the Architecture and Engineering Report (A & E) as various milestones are met, account for the funds, and furnish copies of the finished A & E Report to the Golden Rule Foundation and other interested parties on the Las Pozas environment in Xilitla, San Luis Potosi, Mexico.

I believe this reflects our discussions.

For your files, I include a Memorandum of Agreement as prepared by Mr. Goldstone which sets various Terms and Conditions, Fees and Expenses, and identifies milestones. Included in this letter is a copy of an April 19, 1998 letter to the Maine Community Foundation which outlines goals, activities as relates to the Las Pozas Project.

We have requested a 6% fee to run the grant.

I will be away from Los Angeles from May 15 to May 26 and will be happy to answer any questions you may have upon my return.

My best,

Seymour Rosen for SPACES
