Dear Sir/ Ms.:

SPACES, a non-profit organization (see enclosed) has been working to bring honor to and preserve "Litto's Hubcap Ranch" in Pope Valley. We obtained landmark status and a historical plaque from the State of California for this site, and we are working on an exhibit which will include Litto's work.

We are writing to you because we need some help to bring honor to your neighbor.

It is important to have a site plan for historical preservation documentation, and for the exhibit which will be at the Triton Museum, and then travel to other museums.

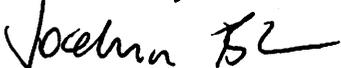

Is there anyone in your department (a student, class project, etc.) who could produce a site plan of Litto's Hubcap Ranch? Is there anyone you can recommend we contact, either within the College or in the community?

Anyone who can help will be credited in the exhibition, and will have the satisfaction of contributing to the archival documentation of this important historical landmark and extraordinary creation. The exhibition at the Triton is scheduled for October 1985, so time is of the essence.

Any assistance you can give us on behalf of Litto's Hubcap Ranch will be most appreciated. Please feel free to call us. Thank you.

Sincerely,

Seymour Rosen, Director
