

*Underground
Gardens*

January 4, 1983

Mr. Rene diRosa
Winery Lake
Napa-Sonoma Highway
Napa, CA 94558

Dear Mr. diRosa,

I was walking with Jim Melchert about our organization, and showed him our newsletter (enclosed). He mentioned that you have an interest in Baldasare Forestire's Underground Gardens.

We assist the Forestire's when possible to help protect the site, and recently proposed to the Citizens Stamp Advisory Committee (of the United States Postal Service) that the Gardens and other National Register sites be used as the subject of future postage stamps.

SPACES has also discovered another Italian tunnel-maker in Julesberg, Colorado.

We hope that you find our newsletter interesting, and that you share our fascination with the phenomenon.

Best wishes for the new year.

Sincerely,

Seymour Rosen
Director
