Dear Miles,

It was really a pleasure meeting you  
You made our day and that is true  
The pictures that we took of you  
Came out fine, not too blue  
We'll send you copies when we are thru

We have enclosed a postcard asking you some questions about  
your life, work, etc. so that our record of you will be accurate.  
We look forward to your response and hope this letter finds you  
well.

Thought you'd be pleased to know,  
that Kindel and Graham still show  
In the Mission they still are,  
a home for caries near and far
