Dear Miles,

Just a note
For you to see
About a group
Who wants to show your poetry

As you can see, this group would like for me to do an exhibit and I would like to feature you and your poetry.

Are you interested? They would probably sell your book, also.

I would like a couple of your signs to be included in the show (we talked about it last year) and could put up some money for your time and materials if you have to make new ones.

Please let me know as soon as you can. It would be an enjoyable time. We might be able to set up a reading by you, if you like.

Is your new book out?

My best,

Seymour Rosen
Director
