Dear Friends,

Got the photos
any like you said they
were great

Am really not
much of a photo but
have picked it around
for say twenty years
without any steps
to speak of

I really don't
like to talk about
my age as that
is one thing I am
a little reticent
about but Phoenix
Arizona, could have
been my birth place
when gold mining was
at its peak. Sincerely
Enjoyed Horn, Miles

To Seymour and Nancy

Am busy now aday
in the new mown hay
But as bet you can let
that it will defray
A little time to pay
you a visit some day

So hope any pray
we see a matinee
Before we are gray
Oh by the way
Good luck on your
San Francisco Museum

P.S. you may keep the
photos I sent you as
I have more of them
