Mr. Kirk Woodland  
Cambria, California

Dear Kirk:

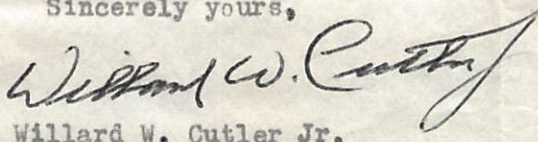

On Feb. 10, 1963, Art Beale telephoned me from Cambria that his truck is finished and that he must have another, which you are willing to sell him in good condition for \$ 300.00. He asked me to buy this for him.

I dont want the truck in my name, nor do I want any responsibility in the transaction, nor would I sign anything in that connection. Any deal which you and Art make must be strictly between you two without my being in it in any way. The deal might be a rental or sale, but that is up to you two.

I might be willing (I am making no commitment) to loan Art without security, with no note or interest the sum of \$ 100.00 by making a down payment for Art to you. All further payments would be up to Art with no responsibility on my part. If and after Art has completed all payments to you, he would then repay my \$ 100.00. In no case would I give or loan Art any more money.

This is the best I can do.

Sincerely yours,

  
Willard W. Cutler Jr.
