Re - lawyer's letter

Just to set the record straight,  
the Art Beal Foundation  
has no authority to "take responsibility"  
for making final arrangements  
for Art's remains.

Arrangements have been made  
by Art's friends & intact  
for a number of years.

My permission was requested by  
Reis, as I am and have been  
the "responsible party" in Art's  
life & affairs for years, to make  
a death mask. I have no objections.

In this personal matter, the Foundation  
is not a responsible party. I felt  
it necessary to make this  
distinction.

Sincerely,  
Elizabeth
