Dear Penny and Gary:

On behalf of the Art Beal Foundation, we'd like to thank you for your generous contribution of \$25. As new Patrons of the Art Beal Foundation, you will be receiving periodic newsletters about the Foundation's progress and business. You will also receive personal, first-priority invitations to all future Foundation fund-raisers.

We are very excited about your jojoba bean venture! Have to get out there soon and see the little devils in person.

It seems like a propitious time for new ventures; John Fitz is getting into organizing athletes and fund-raising outside of concerts, and I am starting my own little business here in SLO. (See enclosed) It's an Editorial Service, and I provide a wide range of writing services on a consultant basis. I don't have my price and terms brochure together yet, but my base price for original writing is \$10 an hour. (Standard brochures work out to about \$25.) So please tell your friends, neighbors and colleagues.

Cordially,

Vicki Leon  
Secretary-Treasurer,  
The Art Beal Foundation
