Dear Seymour:

I don't know if Tony has already sent you this stuff, but I thought I would too, just in case. Tony wasn't able to attend the Giudici show opening on Tuesday because of a family (mother) illness (stroke) - very unfortunate, since he really pulled the whole thing together. The exhibit is very nice - a good mixture of media - and the stereoscopic slide show is incredible. It is absolutely the best way to get a feel for the garden without actually visiting it. My site plan was completed at a last minute hour, so I wasn't able to make any copies - but I will send you one when the show comes down. Jim is very pleased with the way it came out.

I understand you'll be coming up November 3rd or so for a "symposium" at Tony's class. I hope you'll be here longer than just that day because I have an evening meeting here in Sausalito that I absolutely cannot get out of - and I'd like to see you again - so I hope we can work something out. I understand that you've had quite a bit of contact with Mr. Tyrrell lately, too!

Thank you so much for suggesting the site plan project - I really enjoyed meeting Bill & Mary, and spending time in the garden was a delight. I should go back and photograph with my new camera (Canon EOS - I haven't bought a camera in 15 years, so I went for the most modern!) -
Looking forward to hearing from you - Valerie Y.
