Dear Tom,

Enclosed please find a rough draft of the kind of letter you might send us; thanks in advance for writing it. These letters help us justify our outreach programs.

Sincerely,

Seymour Rosen
Director

Dear Seymour,

Based upon our discussions and your suggestion that art classes take on research and documentation projects to help preserve places like John Giudici, San Jose State University is seriously planning to develop a class for the Fall 1986 semester. The Gallery Director wants especially to be involved with this class, and others are interested as well. I will keep you informed of further developments.

I am interesting in pursuing how SPACES can work with the University on this project; I anticipate your suggestions in this area., and look forward to hearing from you.

Sincerely,
