ARTHUR BEAL

Thanks for your letter and I am sending you the five songs due you.

On the copyrights, cost of making copyright copies and securing copyrights, will be \$3. per song.

On two of the songs, you will have a \$1 each discount since Notary Seal will not be used.

This means cost for the five copyrights will be \$13.

I have already made the copyright copies so you will not have to return the songs.

You may just send your check for the \$13 and I'll apply for them at once.

I shall be very glad to do all your work from now on and feel sure you will appreciate the carefulness with which your songs were done.

Yours truly
