Hello Mr. Rosen,

In co-operation with SPACES (Saving and Preserving Arts & Cultural Environments of Los Angeles) we are pleased to be part of a special event in the life of Sonoma County.

John Medica, an eighty-seven year old Yugoslavian born folk artist, has been recognized by the State of California for his creative castles and gardens.

This is the first Folk Art Environment to be recognized as a historical landmark in Sonoma County.

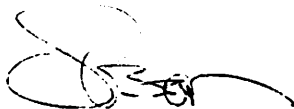

Wanting to make his land "look better" he turned a barren hillside into a magical rock strewn world of bridges, walkways and castles of stone surrounded by cactus gardens.

We would like to invite you to join with us in recognizing the achievement of this creative gentleman.

You and your family are invited to attend the dedication ceremony of Historical Landmark #939 on Sunday, 17 May 1987, from 11am to 1pm. Unveiling of the plaque will be at 11am followed by light refreshments and guided tours. Please RSVP by 10 May 1987 and we will send you a map and further information.

We hope that you can join us. If you are unable to attend perhaps you would like to drop Mr. Medica a note of congratulations (5000 Medica Road, Santa Rosa, CA. 95405).

Thank you!
