Dear John,

We are filing an application form to the State of California State Historical Resources Commission asking that your property be declared a State Landmark. They need to know that you are willing to have a historic landmark plaque placed on your property.

I have typed a letter for you to sign if this is ok with you. Please return the letter in the envelope I enclose for you to the State Historical Resources Commission. If you have any questions about this please talk to Suzanne or me. I am really hopeful that we can help you protect your Garden.

Best,

Seymour Rosen
