Dear Jo,

Here are the pictures I took of the site we discussed.

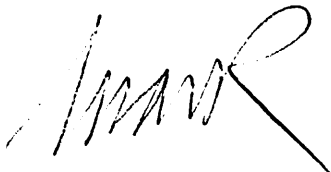

As I explained in my email, the creator, Mr. Richard Richardson, is delighted at this recognition of his work but fearful of being deluged with visitors, so he has asked that the site be referred to simply as: The Lost Gardens.

I don't even know the exact address, but it is located on Route 112 in Goshen, Massachusetts, and I appreciate your willingness to record this in a less accessible way, as you indicated.

You can get more information about the site by visiting a website: [www.threesistersgarden.com](http://www.threesistersgarden.com) is, I believe, the right address (or it might be "gardens"). If you can't find it. Let me know and I'll hunt it up.

Towards the end of the photographs, you'll see one of a man wearing a hooded sweatshirt. That's Richardson.

Have a great holiday,
