Dear Seymour

Clara's pleased to inform you that I have found someone to caretake and manage Thunder Mtn.

I have leased the Monument and property to Mr Mike Flanscaas. He has experiance with running a museum and is highly enthusiastic regarding opening the Monument to the public.

His daughter and husband are now on the property and Mike will follow in appoxiamently one year.

We have been very busy on weekends cleaning the buildings and grounds. Things are really starting to look promising.

We hope to have the museum open by may of 1991.

If you would like to visit, you are welcome at any time.

Sincerely

Don Van Wert
