Dear Ms Moody,

Thanks so much for the information which you sent on the Rasmus Petersen R6ck Gardens. We would indeed like to have copies of anyoother information you may have, and appreciate your generous offer to continue the search.

It's most encouraging to know that the Rock Garden is still open, and that the people of Oregon continue to appreciate its beauty. As you noted in our newsletter, that stability is a hard-fought battle for other, similar sites--and too often, the battle is lost. We're aware of several other sites in Oregon, which though they may not have "historical" appeal (yet!) are nonetheless fascinating.

We would like to receive your newsletter, if possible; perhaps we could arrange reciprocal memberships between SPACES and the Oregon Historical Society?

How did you hear of us?

Best wishes for a happy 1983.

Sincerely,

R. Sue Smith
Associate Director
