Sue Sanborn
Assistant Professor
Department of Landscape Architecture and Environmental Planning
Utah State University
Logan, Utah 84322-4005

Dear Dr. Sanborn:

Seymour and I are currently compiling information and articles for the next newsletter, and would like to include an update on your work and slide presentation, "Places with Heart". We would very much appreciate any help you can give us, whether in the form of general information or a small column-length article (no more than 200 words). Please let us know at your earliest convenience. *PLEASE TO HAVE A LECTURE BY JULY 1.* *in NL #18*

We still intend to publish the 7 page article you sent us in September 1987, although it will probably have to be condensed due to our column limitations. You will of course be credited as the author. As the copy we have was labeled a "draft", do you have a final edition? Otherwise we will publish the edition you originally sent us.

We hope you are well and your slide presentation is being well-received. As an urban planner I am impressed with your efforts to enliven public places with folk art, thereby enhancing a sense of community.

Thank you for your assistance.

Sincerely,

Cynthia Pansing
Assistant Director
