

Dear Friend,

We would welcome a visit from you to our gallery. Here we regularly show the works of the three artists whom we represent. We also show sculpture and paintings by other American men and women. The works of these artists have been shown in museums and art galleries throughout the United States. Their works are also included in numerous private collections.

The gallery is at our home, which is located on Duke Street in downtown Tappahannock. This country town is a Virginia historic landmark district, as are Fredericksburg, Yorktown, Williamsburg and Richmond. We are only an hour's drive from each. At your request we would be delighted to send you a map of the region.

Sincerely,

*Jeffrey & Jane Camp*
