

Dear Friend,

An extraordinary book is now available for purchase. The life story of Miles B. Carpenter is a heavily illustrated, staple bound book of 80 pages (10" x 13") with a full color cover front and back. In addition to a lengthy text, Miles shares with us over a hundred photographs taken from 1895 to the present including many of his sculptures. Herbert W. Hemphill, Jr., Lester Van Winkle and Jeffrey Camp have also written introductions. Price: \$13.50 (Va. residents add 4% tax) plus \$1.50 postage and handling. For the book collector there are 600 hand-signed and numbered copies (from a total of 5000 copies printed) for 25.00 each inclusive of tax and postage. A must for students of folk life, art and Americana. American Folk Art Company, 310 Duke St., Tappahannock, Va. 22560
