

Corporate spiel:

I am seeking corporate sponsorship in an effort to preserve a Folk Art Environmental Sculpture Park located here in Sacramento and am currently working with a non-profit agency based out of Los Angeles known as S.P.A.C.E.S. who aids in the preservation of such sites throughout our country, and with the Sacramento County Parks and Recreation Department. We hope to transform this site into a functioning Park/Museum/Vocational/Arts Center in order that future generations might enjoy and be inspired by its power & beauty.

Seymour: this is the basic  I use when soliciting potential funds. Here's the corporations, grant amounts, & deadlines. I put a couple cover pages for some examples that kind of related to this project. I've also included the letters of rec. I've collected as of yet. I still need one from you & a statement about your org. My fax here is - 916-973-1965 M-F @ 930-230

Corporate Grants
