Dear Seymour:

The State Historical Resources Commission, sitting in regular session in Placerville on February 1, 1985, considered your request for allocation of a plaque for the following landmarks:

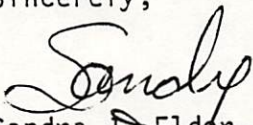

Number 939 Twentieth Century Folk Art Environments (Thematic),
Nit Wit Ridge, Cambria, San Luis Obispo County

Number 939 Twentieth Century Folk Art Environments (Thematic), Litto,
Pope Valley, Napa County

You will be pleased to know that the Commission recommended allocation of these plaques. As stated in my December 11 letter, you will be placed on a waiting list for a State-allocated plaque.

Thank you very much for your continued interest in our State Landmark Program.

Sincerely,

Sandra J. Elder
Acting Executive Secretary
