Dear Mr. Rosen,

The accompanying letter is sent to you at the request of Lois Boardman, concerning the fund raising project for the Romano Gabriel Wooden Sculpture Garden in Eureka, California.

You undoubtedly would not remember me, but I do remember your lecture/slide presentation at the Humboldt Cultural Center in Eureka in 1978; and you were kind enough to autograph a copy of In celebration of ourselves at the museum party at the Los Angeles Municipal Art Gallery in August, 1979.

Enclosed also are copies of the brochure used for the sculpture garden project, and an information sheet on the garden and Romano Gabriel. Any suggestions you may have for obtaining the needed funds would be appreciated.

Yours truly,

  
Ted Wimmer
