Dear Seymour

Enclosed is the list of artifacts and artwork I know we have. Everything was packed up so quickly due to the attempted robberies that I believe there may be more items not on the list. Basically the collage has the outside statues, the tombstones, and the signs, and we have everything else.

If we could get the Smithsonian to take something it would surely help in placing the other things.

We would greatly appreciate any help you can give us in finding a home for the artwork and/or the other western stuff.

I also enclose a brochure on the folk artist we talked about.

Rose works evenings for the U.S. Polling people but is available to help any way she can during the day.

Whatever happens I will be back there in the next month or two to repack and relist all his things.

Thanks again; .

P.S. WE HAVE PHOTOS + A VCR TAPE
SHOWING MOST OF THE THINGS WE STILL HAVE
IF YOU CAN USE THEM LET US KNOW. ROSE
THINKS YOU MAY ALREADY HAVE THEM.
