Dear Huell,

Thank you for your kind offer to assist John Ehn's family and SPACES to find an appropriate location to move the John Ehn sculptures.

I enclose a copy of a letter from the Gene Autry Western Heritage Museum relating to the site and some other typical materials sent to prospective venues for the Landmark.

The address on the letter is Mr. Autry's office in Hollywood. The telephone number there is (213)460-5636. The curatorial staff works out of Burbank and their number is (818)841-7656.

If any other material or information is needed, please call me.

At the moment Rosemarie believes we have no more than 4 months before the land has to be cleared. This date keeps changing. Another site I might of mentioned already is the airport itself. Rosemarie brought it up to the airport land negotiators, but they showed no interest. On the other hand the airport administration might be encouraged to consider it. There might be a percent for art way of getting them to take it.

We appreciate your concern.

My best,

Seymour Rosen
Director
