Dear Mr. Rosen:

It was fun to view the Old Trappers Lodge with you and discuss our respective interests in preserving the artistic, cultural, and historical heritage of America. Your efforts in this realm are valued and I trust that in time the Gene Autry Western Heritage Museum will be able to make contributions as well. I regret taking so much time to return your book. It was read with interest by several members of the staff. Thanks for letting us use it.

It does appear that we will not be able to do anything to help in saving Mr. Ehn's work. It is just beyond the scope of our institution. We wish you well in attempting to preserve this most interesting material. Please keep me posted on what happens, I would be most grateful. If I may be of service otherwise, please let me know. I am

Cordially,

James H. Nottage
