Dear Cynthia,

Wayne Naegele asked me to let you know that I had formed a corporation and purchased the Garden of Eden in Lucas, Kansas. I hold the largest block of stock, but there are ten other individuals in Garden of Eden, Inc.. It is our intention to futher restore the site and to build a grass roots art museum on adjoining property in the near future. All the individuals in the corporation are members of the Kansas Grass Roots Art Assn. and joined in this venture with the sole purpose of providing long term continuity of care for this incredible creation.

Thankyou for your interst in the Garden of Eden. If you have any questions feel free to call my home phone (913) 863-2982 or leave a message on the machine at the Garden (913) 525-6395.

Yours,

  
John Hachmeister  
President, Garden of Eden, Inc.
