Dear Elaine Wurtman,

I am at last in receipt of one of your letters! Thank you so much for your interest in Helen Martins and her extraordinary and beautiful Owl House. The house is now a little museum and is being looked after very carefully by the New Bethesda municipality. There is now a regular influx of visitors into the village to see Helen's work. Can I suggest that you write to:

Town Clerk

New Bethesda 6286

South Africa.

I myself am at a critical stage in the writing of a new work so do please both forgive and understand the brevity of this note.

Very sincerely,
Alfred Ford
