One last set of questions....Do you happen to know when the St. EDM show in Seattle will take place? We would greatly appreciate any information you have on the times, dates, and locations of the show. ~~Will you by any chance need a speaker for the show? If so, Seymour would be happy to make a presentation.~~ As with the Annie Hooper show we would like to send a list of SPACES' members in the Washington area so that they could receive invitations to the St. EDM show.

Thank you for your help. We hope the Annie Hooper show is warmly received and going as well as you had hoped. Seymour sends you his best.

Sincerely,
