Dear Mr. Rosen:

This is in response to your recent letter concerning Chateau Laroche and its nomination to the National Register of Historic Places. Unfortunately the same day your letter came we got a letter from Jerry Rogers saying the property had been rejected. Apparently they felt too much of the building was less than 50 years old and could not yet be considered "historic." I am disappointed and I know the owners will be.

We got your name from a folklorist at the Ohio Arts Council. Enclosed is a copy of the Baughman Memorial Park nomination.

Sincerely,

David A. Simmons
