Dear Seymour -

Many thanks again for all your good counsel on our Anderson Johnson project. At this point the walls have been saved + are currently in storage - soon (we hope) they will be included in a public building planned for Newport News. Thought you might be interested in the N.Y. Times article, which I think is thank to you!

I am also enclosing an article
that just came out in a
Virginia Beach weekly Port Folio
about our collection. (cover + p. 10).

Abby Aldrich Rockefeller Folk Art
Center will have a show of
our collection in '97. Maybe we
can get you to travel east?!?

Thanks again for all
your help.

Warm regards,

Ellie
