Dear Seymour,

The hearing with the Commission on Historic Preservation was a waste of time today. I am getting a new middle name; Continuance. They decided to discuss the question and the implications of setting a precedent of recognizing a site before it is 50 yrs old, and to evaluate the amount of work involved if they were to recognize a Folk Art Category, on June 8th. So, I have another two weeks of suspense. The reality is that I will have to spend quite a bit of time at their meetings. Fortunately, a Gazette reporter will report on each meeting, and so it will be documented that they are unable to deal with this issue effectively.

On the other hand, at least they are considering the prospect, which is an improvement over last year. I am sending you a copy of Ron's letter, and Kiana Dicker's article from the Scottsdale Progress.

I hope that your England trip was a great success, and that there is some improvement in the atmosphere in L.A.

Keep safe!
