Ms Linda Gill
780 N.W. 25th St. #15
Corvallis, OR 97330

Dear Ms Gill,

We wrote you in August to ask if you'd be willing to share some information about your photos of your uncle's home. We wonder if you got our letter, and if you have considered giving us some of that information, which we would include in our files on your uncle's work.

We'd very much like to know:

- When were your photos taken?
- What film size did you use?
- Are your photos in black and white, or in color?
- Approximately how many photos have you taken?
- Have you any other information such as dates, tape recordings?

If you would consider making Xerox copies of your photos we will add them to our archive with proper credit. With your permission, they would be available to scholars and others who have an interest in the site.

Your uncle's artwork is an important contribution to American arts. Thank you for taking the time to tell us about your photos. A stamped, self-addressed envelope is enclosed.

Sincerely,

/RE See Smith
Associate Director
