Dear Mr. Goldstone:

It was a pleasure talking to you recently. I'm very excited about the possibility of working with you on the conservation of the Orange Show. As you requested, please find enclosed a one-page summary of my education and experience and an estimate of my fees and expenses for the Architecture and Engineering Report. In case you should want it, I have also enclosed a rate schedule that breaks down my daily and hourly fees.

Please let me know if you have any questions or clarifications that you would like me to address before you submit the A&E proposal. We are in the midst of moving our household and studio, so the fastest way to reach me is likely either by phone at 512-371-9387 or by email at [msgrant@swbell.net](mailto:msgrant@swbell.net).

Thank you again for including me in the A&E proposal. I hope to meet you before long.

Sincerely,

  
Martha Simpson Grant
