Dear Seymour,

Finally I have heard from the Toronto film makers. They are called Lawn and Order Films Inc. at 110 Spadina Ave, Suite 800. Toronto Ontario, M5V 2K4.

I think the film which includes Mr. Lee will be completed by the end of January. I am anxious to see it.

Phoenix Art Museum will have a Folk Art show starting in March. Perhaps they could incorporate the film. I'll have to give them a call.

Seymour, I have surprised myself this time. I was looking through an old book in which I recorded dreams. I found a dream from 1971 in which I dreamt that I was hiking with my father and we found a place with carved stone and ceramics in uneven walls. And I went on to say that I found it exciting. I never found the garden until 1979.

Best wishes to you in 1994, Seymour.

Sincerely,

M. A. ...
