Holy Land Replica and exhibit, started in 1956 by Attorney John Greco with friendly help, portrays the teachings and words of the Holy Bible. Not a shrine, not a regular house of worship, the Replica shows the life of Christ from birth to Crucifixion. Built with donated and purchased materials, the exhibits cover many acres. Of a simple nature, not backed by wealthy grants, they do carry inspirational and educational impact.

Due to the rocky terrain, Holy Land comfort facilities are limited. To avoid long waits you are urged to use your hosts or other facilities before you visit.

Visitors may WALK around the exhibits - - comfortable shoes do help.

Bring your camera - - at blueberry time you will see the mocking birds.

Look sharp!!!
