Dear Hel,

Thanks so much for your letter and the information on Stanley Papio for the Archive

We work very hard on the newsletter and it goes out the door..... and when there is no feedback it sometimes get discouraging. Thanks.

If Arsenal is still being published we ~~would~~ would love to have an address, to check if they have had articles on other sites of this nature

Also, could you ask your friends if they have a overall shot of the site, to add to our very thin packet of info on the original site.

We have written our contact with Kea Tawana to get her current address and will get it to you when we get a response
