Dear Ms. Hartman:

Charlene referred your letter regarding New Mexican folk art environments to me for reply. I have copied several articles from our files for your information. The Museum only has two of Pop Shaffer's root monsters in the collection. The other 5 works were returned to Rancho Bonito about four years ago. I have enclosed copies of the catalog records. In regard to photographs, if you just want record shots I can photograph the pieces for you. For publication quality photos, you can contact Photo Archives to arrange for the photography. Enclosed is Photo Archives fee schedule.

I would suggest that you contact Pop Shaffer's daughter for more detailed information and photographs.

The only information on the glass garden that I have is the enclosed article from New Mexico Magazine.

I hope this will all be of some help to you. Good luck with the project.

Sincerely,
