Dear Tom:

We are currently updating our files by constructing time lines on major artists and sites around the country. Seymour mentioned that some time ago you expressed your willingness to share your Annie Hooper material with us. We would appreciate any information you can provide us, including copies of taped interviews with Annie if you have them. Once we have completed the time line we will send you a copy. The information you send us and the time lines we prepare will be restricted to SPACES use only, and will therefore not be accessible to everyone. Anyone interested in finding out about the site will be directed to you.

We are most grateful for any assistance you can provide us. Seymour sends his regards.

With sincere thanks,

Cynthia Pansing
